In G O no 1885-86-82 Jud 237-26-C dy 14 6 27 it was directed that municipalities (other than excluded) should contribute towards the maintenance of State-trunk roads lying within their limits Subsequently, the Comptroller reported that a lump sum rate of 1½ times the mileage rates might be paid in respect of these roads & Govt approved of the same in G O no 1486-2004 dy 3 9 28, with the concurrence of the Chief Engineer

mileage rate on the road the Territorial Local Board undertaking to pay & accept the contribution to be waived altogether. The Dy Comr has recommended to the proposals that the Slender resources of the Local Board not be further taxed & requests that the Comptroller may be asked to await further orders in the matter

3 The levy of contribution from Local Bds was sanctioned in L & O Dy 14 6 27 on the ground that similar contributions are given in the case of Dk Fund roads in Local limits & also that the mileage allotment in Pub budget is now adequate to meet the heavy motor traffic etc The rate was subsequently fixed at 1½ times the usual mileage rate on the ground that the traffic on the portion of the road in Local limits will be more heavy than in other parts

if sanctioned may be followed by similar applications from other methods of for orders

3 The Chief Engineer 15/1/29 is maybe consulted if any concession may be shown if considered necessary this will be a bad precedent however He is also requested that the Supt may be asked not to pass judgment until final orders are passed The Railways are not bound to pay when they have approached first for concession Hence any note by Govt does not seem to be necessary.

10 The idea originally was to impose the Road Cess Act levy 1/8 to pay for the roads passing through Mee limits On the formation of the Dy Board the principle of imposing all Munl Councils to pay for the maintenance of the roads was applied The Devan however doubted the ability of some of the Munl Cls to pay

12 In the Case of Nanjangud, their request to maintain the road was not allowed

SIR,

Adverting to Government order No L 1986-2004/ Ml 237-26-3 dated 18th September 1928, directing that a lumpsum rate of 1½ times the usual mileage rate be recovered from Municipal Councils for the maintenance of State Fund Roads within Municipal Limits etc , I have the honor to forward herewith copies of the resolutions of the Municipal Councils of Chikmagalur and Tarikere dated 26-11-1928 and 20-12-1928 respectively

2 The Chikmagalur Municipal Council in their meeting referred to above are of opinion that 1½ times rate fixed by Government is too heavy a burden on their income, and have resolved to approach Government to reconsider and allow them to pay ½ of the usual rate

3 The Municipal Council of Tarikere plead their inability to incur the expenditure in question, on account of their slender resources, and request that the contribution may kindly be waived They have further reported that the Comptroller is pressing for the payment of the charge in question and that this may be deferred until Government orders are passed on the present request of the Municipal Council

4 I submit the requests for favourable consideration and request that the Comptroller may in the meanwhile be

be addressed to wait further Government orders in this matter I also subrit that it does na seem hard that the slender resources of the Municipal Councils should be further taxed only on account of the small strip strip (of along provincial road) that may be in Municipal limits

I have the honor to be,
